Organe de la Société Belge de Neurologie,
de la Société de Médecine Mentale de Belgique
et du Groupement d'Etudes Oto-Neuro-Ophthalmologiques et Neuro-Chirurgicales

Monsieur le Professeur F. DEL RIO-MORTEGA.

Institut CAJAL

MADRID.

Dear Dr.

: should be pleased to receive a reprint copy (2 if convenient)
of your recent study on: Cerebral cistrix. The reaction of
neuroglia and microglia to brain wounds.

We are adding that we should deem it a privilege to publish in
the Journal an abstract of this study made by yourself, since in this
manner we believe your thought can better be conveyed to our
readers than by an abstract prepared by our editorial staff.

Respectfully,

Dr. Ludo van Bogaert
