LEWIS H. WEED, DEAN
WILBURT C. DAVISON, ASSISTANT DEAN
GEORGE J. COY, REGISTRAR

February 26, 1926.

Sr. Don Pio Del Rio-Hortega,
Laboratorio de Histopatologia de la Junta,
para Ampliacion de Estudios,
Residencia des Estudiantes, Calle Pinar,
Madrid, Spain.

My dear Professor Rio-Hortega:-

I received yesterday your cablegram announcing that you will be able to receive Dr. Kubie in your laboratory this spring. I write, therefore, to express to you my keen appreciation of your very great kindness in thus affording opportunity for Dr. Kubie to learn your histological technique which has done so much to advance our knowledge of the finer anatomy of the nervous system.

I have informed Dr. Kubie of your acceptance of his application to work with you and I can assure you that he is delighted at the prospect. I have asked Dr. Kubie to write directly to you so that you may be informed of the date of his arrival in Madrid.

Dr. Simon Flexner, Director of the Rockefeller Institute for Medical Research, was in my laboratory when your cablegram was received and he asked me to express to you his own pleasure at your acceptance of Dr. Kubie.

I was disturbed at ascertaining that the cablegram was prepaid by you. I am eager to recompense you for this expense and I would appreciate it greatly if you would advise me of the amount.

Please accept my assurances of my highest personal regard,

Very sincerely,

Lewis H. Weed
