Dear Dr. Del Rio-Hortega

My husband was
very pleased to see your handwriting
& to make the acquaintance of
Dr. Kubei.

He hopes you will come to the
meeting of the Association of
Anatomists & we both should
be delighted if you stayed
with us on that occasion as
we have a spare room for
guests in this new house

of ours.

My husband does not write
himself as he is even more
bary than usual (& that
is saying a good deal!)

With kindest regards from

us both

I am with sincerity
Dorothy L. De Fano
