

PARK 7793.

HYPATIA LODGE,
CAMPDEN HILL, W. 8.

Febr. 27th. 1927

Dear Del Rio-Hortega

As my wife has written
some months ago we would
be only too glad to put you
up should you come to
London next April on the
occasion of the Meeting
of the Association des
Anatomistes. Kindly
send me a line just to
let me know whether
you are coming to London

and if you accept, as
I hope, our hospitality
I am writing because the
Anatomical Society of Great
Britain is making an
effort to put up as many
members of the Association
des Anatomistes as possible
and I would be glad to
let our Secretary (Prof Baskley
Smith) know that you will
be my guest. If you will
let me know at what station
you will arrive I'll come
to meet you. Of course I hope
that you will stay with us for a
week at least. Yours sincerely
C. Da Fourn
