Dear Don Pis:

Dr. Holmes has just given me the manuscript. The pictures you added are beautiful. He says the manuscript arrived too late to appear in Brain and the next number of Brain will contain only papers read at the Combined British-American Neurological meeting which I am here to attend

LANGHAM HOTEL.
PORTLAND PLACE.
LONDON. W. 1.

We shall, therefore, have to
publish it in some other jour-
nal. - I suggest the Johns
Hopkins Hospital Bulletin
which would publish it at
once or The American Journal
of Pathology. Which one
would you prefer?

Please write me in
Spanish and address it to
me at Thomas Cook + Son.
Berkeley St, Piccadilly, London.
Please here on the 29th of
July.

Ms. Penfield was
terribly pleased with your
present which Dr Stevenson
brought. She is writing to
you. With best regards for all.

Sincerely yours

Milder Penfield
