

Hotel ISIS,

Oxford,

Jan. 2, 1930.

Dear Don Pio:

I am very sorry to keep annoying you with letters, but I do so wish to hear from you. I am now in Oxford, and will remain here until Jan. 30. We sail for home Feb. 1st. As I wrote you previously, I realize how busy you are, but I wish to have my papers ready to publish when I return home. If the illustrations for my Uremia paper are not ready, I would appreciate it if you will send them to me unfinished. I will finish them as well as I

Can. Can you send them
to me immediately? We
have very little time to
spare, and I am afraid
that if we wait too
long, I shall not get
them before I sail. Just
send them on to me as they
are.

We had quite a good stay
in Germany. As I wrote you,
I was working on Secondary
Degeneration with the Silver
Method. The work is not yet
finished.

Mrs. Alper and I send
you our fondest regards.

Sincerely,

Arnold Alper
