28th January 1930.

Senor Don Pio Del Rio Hortega,
Conde de Aranda 4,
MADRID.

Dear Don Pio,

I was glad to get your telegram saying that the manuscript would be sent 15th February. The other chapters are ready. You must remember that I shall have to have your chapters translated after they arrive which will mean further delay. If one of the chapters is ready ahead of time please send it on as soon as you can. I shall be forced to send the rest of the manuscript on to the publisher before yours arrives, so as soon as one of yours is ready please forward it and wire me if there is any further delay.

With best regards to all my friends and to your family.

Yours very sincerely,

Wilder Penfield.

*I am sending you
a reprint by Dr. Russell
on microglia.*
