Senor Don Pio Del Rio-Hortega,
Plaza de las Salesas, 8,
MADRID.

Dear Don Pio,

I was delighted to receive both of your manuscripts and congratulate you very much on the splendid chapters which you have sent to me. I will let you know when the publishers have the book in readiness. I appreciate very much your co-operation.

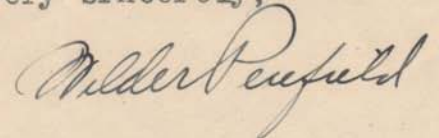

May I have your permission to copy one of the illustrations from your last work on oligodendroglia? I should like to place this picture in my chapter on neuroglia. I shall, of course, give full credit to you for having prepared the picture.

If it is not asking too much of you, I should be delighted to receive reprints of your work since I left Madrid.

I congratulate you particularly on the remarkably fine photomicrographs which have appeared in your recent publications.

With kindest regards to all of my friends in Madrid,

Yours very sincerely,

WGP/HL.
