Dear Don Pio,

The proof of your chapter on microglia has been corrected by Dr. Nonidez and I have been over it as well. Some bibliographic references were checked up and added to in various places. The chapter is now in excellent form and I am delighted with it.

I am returning to you all of your original illustrations, excepting the following ones which I have returned to Hoeber to have the reproductions repeated, figures 4, 20, 23, 5 and 11. These will be forwarded to you later.

Yours sincerely,
