

THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, D. C.

July 26, 1934.

Dr. Del Rio Hortega,
Via Pinar 15,
Madrid, Republica Espanola.

Dear Dr. Hortega:

Would you be so kind as to send me a
reprint of your papers

"Constitucion histologica de la glandula pineal"
"La glia de escasas radiaciones"
"Poder fagocitario y movilidad de la microglia"

and also a reprint of the following papers from your
Institute:

- Dr. F. Jimenez de Asua: Die Mikroglia und das
retikulo-endoteliale System.
- Dr. J. Costero: Experimenteller Nachweis der morphol.
und funktionellen Eigenschaften und des meso-
dermalen Characters der Mikroglia.
Studien uber die Mikroglia in Gewebes-
kulturen von Gehirn.
- Dr. J. Aldama: Die Cytoarchitektonik des Gehirns
eines 1-jahrigen und eines 5-jahrigen Kindes.

I have been able to buy the other of your publications,
but in spite of the fact that I have tried to secure
copies of these papers through the book market for nearly
two years I have not succeeded. I can hardly tell how
grateful I shall be to you if you could possibly send me
a copy of these - or at least some of them - papers.

Assuring you of my deep appreciation
of this favor and thanking you in advance for your
kindness, I am,

Very sincerely yours,

Othmar Solnitzky, M.D.
