

WILDER PENFIELD  
DIRECTOR

MONTREAL NEUROLOGICAL  
INSTITUTE

3801 UNIVERSITY ST.  
MONTREAL, CANADA

4th March 1936.

Senor Don Pio del Rio-Hortega,  
Instituto Cajal,  
Madrid.

Dear Don Pio,

This will introduce to you Mr. William Gibson who has worked in our laboratory on boutons terminaux. He is interested in improving his staining technique. He is the best type of student with a general interest in everything that comes along. I am sure you will like him.

Yours sincerely,

*Wilder Penfield*

WGP/HL.
