Dr. Del Rio-Hortega
Residencia de Estudiantes
Pinar, Madrid

Dear Sir:

Having spent the winter at the National Hospital, Queen Square, London, Dr. Charles D. Aring and I are desirous of visiting your Institute and possibly working with some of the silver stains before returning to the United States.

If this meets with your approval we will arrive in Madrid sometime between the 16th and 18th of May.

Yours sincerely,

Robert W. Graves

Robert W. Graves, M.D.
