

Many thanks for your kind letters. I am delighted to hear that I have been elected an honorary member of the Senior Common room of Trinity College - an honour which I deeply and gratefully appreciate. It is very good of you to give me those details as regards procedure - which I find interesting.

↳ I would, of course, have answered before this, but I was under the impression that you had left Oxford for the vacation.

My sister and niece who would have been very pleased to meet you, have left Oxford and have safely arrived in Spain.

Again thanking you for the honour you have done me

Yours Sincerely
